Yesterday was an unpleasantly warm day out doors, and pedestrians picked the shady sides of the streets with great care.

RIVER NEWS .- The river was falling slowly yesterday. The only arrival since our yesterdays's report, up to 8 P. M., yesterday, was the Justice, from Memphis. She leaves again or Miasma to-day.

The Umpire passed Clarksville at noon yes terday, and will doubtless be found at the wharf this morning.

is now in full blast, having in store a stock of goods which astonishes even the most experienced buyers by its extent and variety. The Messrs. Eakin & Co., are among the pioneers in the trade here, and have the advantage of a long experience in catering to the peculiar tastes of our Southwestern merchants. One of the firm is established permanently at the the constitution. "JAMES R. CHILTON, M. D., Chemist." North, where he has an opportunity of taking advantage of every favorble aspect of the market, and is thereby enabled to offer the most enticing bargains. For the present season's trade they have bought largely, anticipating heavy sales, and their shelves present one of the handsomest specimens of elegant cases were of long standing. My sister, who has had it for five or six years back, and could never get it stopped, except by Quinine, and that only as long as she would take it, and rich dress goods of all descriptions for ladies and gentlemen that we have ever examined. The experienced eye and cultivated taste of their buyer is visible in the well selected assortment exhibited, in the mazy labarynths of which the most particular and peculiar fancy cannot fail to be suited. Their stock of cassimers is unusually large, and embraces the finest French fabrics. In the readymade clothing department they are also prepared to fill all sorts of bills; as, indeed, they are in all the various branches belonging to the trade. Merchants should not fail to call upon them.

WHEAT-CORRECTION .- In our commercial report yesterday we stated that the shipments of wheat from this point amount to over 30,000 bushels. We should have said bagseach bag containing over two bushels. The shipments up to Sept. 1st, by the Chattanooga Tennuessee Blasting, in segs of 200s and bar-Road and by the river, were over \$1,000 bags, Toy, Bickford & Co's Safety Fuse, waras appears by the books of the Secretary of the Chamber of Commerce.

STILL THEY COME-SWEET POTATOES,-OUR collection of mammoth vegetables received a valuable accession yesterday, consisting of two mammoth sweet potatoes, one measuring 14 and the other 15 inches in circumference, and the two together weighing 74 pounds. They are from the place of our senior publisher, B. ply of GENTS' FURNISHING GOODS. R. McKennie, Esq., Edgefield. They appear to us rather hard to beat.

THE WORK HOUSE,-This institution is now nearly completed, with about half-a-dozen inmates, male and female. It proves a great terror to evil-doers, and promises to be signally serviceable in promoting peace and quiet among that class of people who have heretofore been beyond the reach of the law, and consequently " fought and bled" with impunity.

BOUND OVER .- Nathan Shivers, the young man who was committed to jail a few days since for contempt of court, was taken before the Recorder yesterday and examined upon a charge of assault and battery upon Rebecca Higgins, with intent to kill, he having discharged a pistol at her, as was alledged. He was bound over to keep the peace, and to appear at the next term of the Criminal Court to answer the charge.

THE NASHVILLE TRUE WHIG.

LEXINGTON, Tennes.

To the Senators elect of Tennessee: Hox. Sins :-! have availed myself of this medium of the blic press to inform you that I am a candidate before your Honorable body for Door Keeper at your next session, and trust in so doing you will take my name in consideration with the many others who may aspire to that position. In thus publicly announcing myself, I deem that I have acted rightly, and although it is somewhat deviating from the usual course of candidates for that office, who, generally speaking, importune Senators with letters too tedious to read, &c. and not wishing to anney you in that manner, I shall content myself with this card, trustlag on our meeting at Nashville, and a further acquaintance in October, where we will have the opportunity of interchanging sentiments. I will close by only saying if elected I will discharge my duty to the best of my ability, and to the comfort and convenience of your body throughout the session.

Greene's Pure White Wheat. Ma. Entron: I expect to visit your State about the 20th of September next for the purpose of engaging to the good Farmr an article of Wavar which is very superior in its character. I have exhibited this Wheat at four different Fairs, and in every instance a premium has been awarded. All good judges of fine Wheat on seeing it readily acknowledge its superiority. On my visit to Nashville, and other places, I will bring with me a fair sample which can be seen ing a more full and satisfactory account, with the signature or . . onen who have raised this Wheat and manufactured it into flour. Its weight at two different mills is 68th each per bushel. This wheat is of the very earliest kind,expected the cash to accompany all orders. P. H. GREENE,

Without a Rival. Sloan's Medicines are getting more popular than ever .-Whether it is owing to his honorable way of doing business, or whether it is owing to the knowledge displayed in the ompounding of the medicines, one thing is certain, his credit is above reproach, and his medicines are without a rival for the purposes for which they are recommended .-Kenosha Telegraph, Wis. See Sloan's advertisement in another column. sep6-1w

Weak, nervous, depressed in spirits, and a prey to innu nerable mental as well as physical evils, the victim to dyspepsia is indeed an object of commiseration. Yet it is absurd for him to despair. We care not how low, weak, nervous and irritable he may be, the cordial properties of Hoofland German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, are stronger than the many headed monster

which is preying upon his body and mind; and if he chooses to try them, we will insure a speedy cure. See advertisement. Liver Disease.

Carter's Spanish Mixture, as a remedy for liver disease,

and the number of formidable evils connected with a disorganised state of that organ, is unrivalled. Hundreds of certificates from the highest sources, of persons living in the city of Richmond, Va., might be given of cures effected by Carter's Spanish Mixture. We have only room to refer to the extraordinary cure of Samuel M. Drinker, Esq., of the firm of Drinker & Morris, Booksellers, Richmend, Va., who was cured by two bottles of Carter's Spanish Mixture, after three years suffering from diseased liver. He says its action on the blood is wonderful, better than all the medicine he had ever taken, and cheerfully recommends

CIRCULAR FOR FALL OF 1855. W E desire to call the attention of our friends and the buyers of Dry Goods throughout the West and Southwest, to our attractions for the fall sales of the present year.
Our business is now so well organized and arranged, that we are better able than ever before, to supply the trade with a large and attractive stock. Our Own Importations will supply our Foreign Department with all the new and desirable fabries from the European markets—selected by one of the house, resident in Europe—and will be particularly adapted to our

resident in Europe—and will be particularly adapted to our market.

Our Domestic and Staple Goods Departments will be supplied with all the leading styles of Goods.

It is, we believe, an acknowledged fact that our Stock has always been one of the largest and most attractive in this country, and we also believe that the best buyers have become convinced that our system of SHORT PROFITS AND PROMPT PAY is the most satisfactory.

We invite the attention of all close buyers to our Large and Affractive Steeck, but with the distinct understanding that we sell goods only for cash, or good notes payable in all cases at Bank.

We shall from this date forward, adopt a new plan in connection with our Domestic Goods Department. We shall keep a full and complete assertment of Bleached, Brown and Colored Cotton Goods, which will be sold only for nett Cash. Our object in this is to supply these Goods as lose as they are sold by cash housen in the Northern cities. In order to test this feature of our business, we only ask a comparison of cush prices with time prices, and then we will leave the decision to the purchaser.

From the three years' experience since the establishment of our business, we are enabled the more condently to invite attention to our stock and plans for business, believing that we offer inducements second to no House in this constitution to the parchaser.
